Subject: How is the father?

In the name of Allah the Gracious the Merciful.

Peace and Allah's mercy and blessings be on you.

My dear brother Aba al-Ayyubi, son of the fortress of al-Ayyubi, and climber of the high mountains of Jordan,

How I am truly proud of you and your zeal for the sake of Allah. The name that you chose, that is Aba al-Ayyubi, indicates truly your loyalty to Allah's religion and your courage and your good intention for His sake be He exalted. May He make you victorious over His enemies as He made victorious your role model whose name you have taken on the great Commander Salah al-Din al-Ayyubi who won and expelled the Crusaders from the homes and holies of the Muslims. I thank you my brother for my answering to the questions in the previous communication. We are proud of your personality and your qualifications and your readiness to utilize all of them for the sake of Him be He exalted. My prayer is that they will be counted good deeds in the balances of your account the Day of Judgment in the hereafter and that Allah houses you in His vast everlasting paradises along with His Messenger, Allah's blessing and peace be upon Him and with the companions and the commander of the Mujahidin.

"Then those whose balance (of good deeds) is heavy,- they will attain salvation."

My brother, before we start our worthy topic let me share with you a supplication I found on the Internet. I hope it pleases you. These are some of its excerpts:

O Lord O who is alive O Lord of glory and honor O the great doer of what He wills we ask you O Lord by your good names and your sublime attributes and your greatest name defeat the criminal tyrants and give victory to the Muslims and the Mujahidin. O Lord empower the Christians over the Jews and the Jews over the Christians. O Lord have mercy over the Muslims. O Lord make the angels help them...O Lord open the doors of the jihad everywhere .. O Lord bless the Muslims with doors to the jihad everywhere ..O Lord of the Worlds. And you can read the supplication in its entirety at the following link:

My dear, our trust in you increases more and more and Allah willing we prepare for a meeting perhaps soon after the end of the visit of the dignified father. However there is a matter I like to clarify it. You know that your desire for the jihad is a serious and top secret matter and it

requires great effort and preparation. The operation that we are planning for it will be with Allah's help a severe and painful strike and it requires the participation of several brothers like you that Allah placed in excellent and rare place non other than their presence in the very home of the enemy and behind the ranks of the infidels. My brother, do you have any doubt or hesitation or fear of what you are doing? I ask you and I call upon you as witness before Allah be He exalted and I make you swear by His Almighty and I make you swear by your dignified mother, may Allah forgive her, who is in Allah's trust that you tell me with candor. Tell me now before we entrust you with what is important and secretive and dangerous and which may lead to harm to other brothers among them the brother al-Karkhi and myself personally, servant of the living Allah and the believer in His Messenger, Allah's blessing and peace be upon him.

Therefore if you have any hesitation or doubt or fear then tell me. If the matter is as such then we depart now as friends and brothers in the Islam without hard feeling at all. And in this case you may perform jihad in a less dangerous way such as the jihad with your money or in training yourself in distancing from sins and indignities and desires. If that was your choice then we have known about you enough and we trust that you are a Muslim indeed and you will not reveal our [UI] and what you have discovered about us and our methods of communications. Then, my question to you is which jihad do you desire? Is it a jihad with your self in the fighting against the infidels and the enemies of Islam or jihad of giving the money and the assistance or jihad of the soul that seeks perfection?

On the other hand if you chose the jihad with your self in the fighting against the infidels and the enemies of Islam then let me walk with you, prepare your training, introduce you to brothers like yourself, provide you with what is necessary, and get you to your goal. If this was your wish let us trust in Allah Almighty and complete your preparation for the jihad. Did not Allah say:

"... when you have decided, then place your trust in Allah; surely Allah loves those who trust."

In this case then, I have some necessary questions so that we move forward in our path. I ask you to answer them:

Do you have alternate electronic addresses that you use other than that address whose translation is "Jordan Pilot". What are these alternate addresses? You know that the enemy sometimes suspects some e-mails and may delete your e-mail or the e-mail we communicate with it. In that urgent situation it is a must to use the other e-mails. And also if it became impossible for you to contact us then you can contact the brother al-Karkhi who enjoys our complete trust. And he will reconnect us together.

What type of computer do you use in communicating with us? And are you the only user? And is it your property? If it was no then who owns it and do you trust that person is he a Muslim who would never betray another brother?

In our preparation for the meeting face to face and when the time for the meeting between us draws near it may be necessary for my assisting brother to contact you for the final preparation or if he could not recognize your person at the appointed location. Then, do you have a mobile

telephone and is it your property? What is your number? We will not call you now because of the caution and the protection or the monitoring. We will specify the meeting time via our Internet communication before we use the telephone. The telephone will only be used when it is necessary to recognize your person at the meeting place or if any sudden change occurred such as a car accident, may Allah not permit. We also will give you the telephone number of the designated brother for extreme emergency only. Generally we avoid talking over the telephone and prefer the conversing face to face.

As we think about a place for the meeting, I like for you to inform me about the point of your location and the route that should be taken from the Dallas airport. Do not give me your exact address because of the caution the protection from the agents of the infidels, may Allah curse them. Mention to me only the area and the road that is taken from the airport so that we are at a distance not too long from you. Also because of the caution and the protection for you and for us we have the detailed maps and we shall meet Allah willing in some location that is 30 to 50 km far from you. Did not Allah say:

"... Surely Allah takes account of all things."

"... therefore make investigation; surely Allah is aware of what you do."

My brother, the meeting time is getting close and Allah willing it will take place soon after the end of the visit of the dignified father. That is why, if it was possible tell me exactly about the dates of his arrival and departure.

I entrust you to the care of His Almighty be He exalted

Your brother Rafiq
